

DEFENDING CHAMPION

The practical part: Exchange attackers

The third task in the practical course is about **exchange of the attackers**. Sometimes your opponent's attackers will be too numerous. For that reason, you need to exchange some attacking pieces in order to relieve the pressure.

In the "Games" folder you will find 22 instructive games, which illustrate the main ideas of the video lesson.

1) Your task is to open the file: "Task - Exchange attackers". Use a real chess board and represent the position there. Study each position from 3 to 5 minutes.

2) Check the solutions: Open the folder: "Answer - Exchange attackers" and check carefully the solutions.

Note: If you have problems finding the solutions, then, please, watch the fourth video lesson again.
