

DEFENDING CHAMPION

The practical part: Deal with gambits

The ninth task in the practical course is about how to **deal with the gambits**. Some aggressive players would like to sacrifice a pawn in the opening in order to attack you. In this task you will find how to defend yourself.

In the “Games” folder, you will find 5 instructive games, which illustrate the main ideas of the video lesson.

1) Your task is to open the file: “Task - Deal with gambits”. Use a real chessboard and re-create the position there. Study each position for 3-5 minutes.

2) Check the solutions: Open the folder: “Answer - Deal with gambits” and check the solutions carefully.

Note: If you have problems finding the solutions, then please watch the eighth video lesson again.
