

**SELF-TAUGHT GRANDMASTER****The Practical Part: TASK 16 (part-2)****Your task:**

Open the database "1Games (task)". Find the best move in the given positions.

Then go to the database "2Games (answer)" and check yourself.

**The notes:**

- I recommend that you analyze each example until the end (not only the starting position). These games are very instructive and demonstrate the extra skills perfectly.
- If you don't understand something – repeat an appropriate lesson from the course "How to Beat Titled Players".
